September 24, 2021

Dear Parents/Guardians,

Firstly, I would like to thank you for welcoming me to the OLPH community. I have been impressed with the students, staff, and parents as we start this school year. The students are friendly, hard working, and have certainly been a joy to be around!

School looks a little different this year than last, as there are no longer two different cohorts. We are still maintaining covid procedures; regular hand washing and sanitizing, desk cleaning, mask wearing for grades 4-7, spacing as much as possible, and for now we have paused buddies as an extra safety precaution. As many of you may know, we have to work with Interior Health to follow covid procedures. We are required to take direction from IH before we are able to send information home to parents.

We are working on getting our fresh grade reporting tool ready to roll out for the school year. Look for updates from your child's teachers in the upcoming weeks.

**OLPH Staff for the 2021-2022 School Year**
